CAREER SUMMARY

A dedicated professional seeking a role where I can leverage my communication skills, technical expertise, and passion for customer service to drive success within a dynamic organization. My goal is to contribute to the organization's growth and deliver exceptional service while developing my skills in a collaborative environment.

RELEVANT SKILLS

Professional Skills: Data management, Customer Service, Business Communications

Technical Skills: Microsoft Office Suite, Zoom, Advanced Excel

Languages: Amharic, Tigrinya & English (bilingual/fluent)

RELEVANT PROJECTS

Fractal Generation Project

Technologies: Java, Recursion, Observer Design Pattern

- Developed a fractal generation program using recursion to create equilateral triangles and circles, controlled by user-defined settings.
- Implemented the Observer design pattern to ensure efficient, loosely coupled components for real-time fractal rendering.
- Created a user-friendly GUI to adjust recursion depth and circle opacity, providing interactive control over the fractal display.
